

# SLINGSHOT

## BASKETBALL SYSTEMS

**PROUDLY MADE  
IN THE U.S.A.**

Aalco Athletics, industry leader in quality sport innovations since 1946, is proud to introduce their newest adjustable basketball goal...*SLINGSHOT*.

Aalco's units are proudly built in the U.S.A. utilizing all American made steel. Unlike the basketball units that are purchased over seas and sold in department and sporting goods stores, the Aalco *SLINGSHOT* is most heavy-duty, American built, adjustable basketball goal on the market. Available with manual or electronic height adjustment systems, *SLINGSHOT* is perfect for any family or facility with multiple age groups that have a love for the game.
